Wheels, Castors & Conveyors

Medium Duty Steel Castors

- » Wheel sizes from 50mm to 150mm
- » Load capacities from 27kg to 600kg
- » Traditional style castors with original UK bolt hole spacings

Footbrake

- » Brakes are available on 75 or 100mm swivel castors with RN or NY wheels
- The 75mm castors have a single ended brake & the 100mm castors have a double ended brake
- add suffix BR to swivel castor code
- Price Extra: 75mm = £2.50
- 100mm = £3.65

Heavy Duty Castors

- » PFH fixed castors: heavy gauge press formed sideplates welded to the top plate
- » PSH swivel castors: heavy duty forged steel top plate joined to an outer swivel ring by a full complement ball race running in hardened tracks. The race serves as both a thrust & radial bearing & is provided with a nylon seal at the top & greased through a hydraulic nipple. The closed base of the ring prevents downward escape of the lubricant & completes the grease reservoir. The sideplates are press formed to a cylindrical shape to give the best strength to weight ratio & are continuously welded to the swivel ring
- » Top plates are 149 x 110mm with 105 x 80mm centres & holes drilled to suit M12 bolts.

Telescopic Container/Trailer Conveyor – (for use over a level loading dock)

The Telescopic Expressway has been developed as a cost effective solution for efficient loading & unloading of shipping containers & trailers over a level loading dock. High impact, low inertia, 50mm diameter PVC rollers mounted in fully welded, powder coated steel channel frames. 50mm bright zinc plated mild steel rollers at load point & 20mm diameter bright zinc plated mild steel rollers at deck transfer sections. Each deck height adjustable by screw jacks. Alternative widths & lengths available on request.

600mm Wide x 15M Extended (5.3M Closed)	HDTE-600-4-15.0	£4873.00

Container/Trailer Conveyor – (where no loading dock available)

The High Rise Telescopic conveyor has been developed as a safe, efficient & cost effective solution for quickly unloading shipping containers or trailers where no level loading dock is available. 600mm wide the conveyor will extend up to 10m inside the shipping container or trailer & will convey cartons under gravity to an offload point at ground level. The conveyor can be further extended by connecting an Expandaveyor, please see opposite page for specification. Suitable for container floor heights of 1,300-1,650mm (height options from 250-1,700mm available on request)

Expanding Conveyors

- » Versatile mobile conveyor system which improves productivity & reduces manual handling - ideal for warehouse & industrial applications
- » Extends to suit changing applications & closes for efficient storage
- » Can be stretched around corners
- » High impact PVC Skatewheel & roller models available
- » Height adjustable from 650 to 1100mm
- » Supplied as standard with handles & 100mm swivel braked castors
- » Rated at 80kg per metre
- » Axle pitch when fully extended 125mm
- » All steelwork protected with a bright zinc plated finish
- » Options include end stops & hooks to connect multiple conveyors

Available on request

- » Bright zinc plated steel roller & skatewheel models
- » Height ranges of 450-700mm or 900-1200mm
- » Heavy duty models
- » Different lengths & widths
- » Roller end stops
